News

Well done to the netballers who attended a netball masterclass with England netball player Natalie Panagarry. They practised lots of new skills and will

be showing these off in an upcoming netball tournament.

Year 5 started their block of swimming this week. Remember your swimming kits on a Monday! Both Year 5 and the netballers represented themselves and the school extremely well.

Reception have also had a busy week learning about different occupations. They have been visited by a nurse, police officers and been to the local greengrocers! I look forward to see all the fantastic learning that comes out of these experiences.
